## BOVIET SOLAR

### COMPANY | LEADERSHIP TEAM

At Boviet Solar, our leadership team brings a wealth of experience from the solar energy industry, each member contributing years of expertise and insight. United by a shared mission to revolutionize solar technology and drive global sustainability, they encompass various facets of the industry, including technological innovation, operational excellence, and strategic growth.

This collective expertise guides Boviet Solar with a clear vision, focusing on advancing cutting-edge solar solutions that deliver exceptional performance and reliability. Their deep understanding of market trends, technological advancements, and industry best practices foster a culture of innovation and quality within the company. By leveraging their knowledge, the leadership team ensures that Boviet Solar remains at the forefront of the solar energy sector, not only meeting but exceeding stakeholder expectations. Their unified approach drives transformative results in solar technology, making a meaningful contribution to a more sustainable future.

#### Mr. Zhaochun Xie | General Manager | Boviet Solar

Zhaochun Xie has been with the Boway Alloy Group since January 2009, bringing extensive global industry experience, primarily within Boway Alloy. In his current roles, Mr. Xie serves as Vice President of Ningbo Boway Alloy Material Co., Ltd., General Manager of Boviet Solar Technology Co., Ltd., and Managing Director of Boviet Solar USA Co., Ltd. Mr. Xie holds an Executive MBA degree from Shanghai Fudan University and Cheung Kong Graduate Institute (CKGCB) in Beijing, China, equipping him with the strategic and leadership skills necessary to drive success across the companies he leads.

#### Mr. Scott Chen | VP of Global Sales & Marketing

Scott Chen has been the Vice President of Global Sales and Marketing at Boviet Solar since November 2023. With over fourteen years of experience in international telecom and additive manufacturing, he has worked with both publicly traded companies and startups across the Americas, Europe, and the APAC region. Before joining Boviet Solar, Mr. Chen held key leadership roles, including VP of Global Sales at Intamsys, Group Account President at Huawei, and Key Account Director at ZTE. Mr. Chen holds a master's degree in Intercultural Communications from Shanghai International Studies University, which enhances his ability to lead diverse teams and navigate global markets effectively.

#### **Ms. Sienna Cen | President | Boviet Solar USA**

Sienna Cen joined Boviet Solar in October 2016, bringing with her over a decade of global experience in the solar energy industry. As the President of Boviet Solar USA, Sienna has been instrumental in launching and expanding the company's commercial business, successfully serving residential, commercial, industrial, and utility-scale customers. Before her tenure at Boviet Solar, Sienna worked as an International Sales Manager at Ulica Solar, where she was responsible for the European, Australian, and North American markets. Ms. Cen holds a Master of Engineering degree from the Australian National University in Canberra, Australia, which has equipped her with a strong technical foundation and strategic vision in the solar industry.

#### **Mr. Renzheng Lu | General Manager | Boviet Solar Vietnam Manufacturing Operation**

Lu Renzheng has served as the General Manager of Manufacturing for Boviet Solar's Vietnam Factory since May 2021. With over 16 years of experience in the photovoltaic industry, Lu brings extensive industry knowledge, practical expertise, and leadership skills to his role. Throughout his career, he has held various production and operation management positions, developing a deep understanding of photovoltaic manufacturing. Before joining Boviet Solar, Lu gained valuable experience working with leading Chinese photovoltaic companies, including Tongwei Solar and Trina Solar. Mr. Lu holds a college degree in Information Engineering from Hubei Xiaoguang University, further strengthening his technical and managerial capabilities in the field.

#### **Mr. Marco Marques | General Manager | Boviet Solar USA Manufacturing Operation**

Marco Marques joined Boviet Solar USA as the General Manager of Manufacturing in July 2024, bringing with him two decades of extensive experience in the automotive industry across Europe and the USA. His career has been marked by a strong focus on operational excellence, process optimization, and leading high-performing teams in both techno plants and just-in-time (JIT) manufacturing environments. Marco has held senior leadership positions, including Plant Manager and Regional Director of Operations, where he consistently drove innovation and efficiency in highly competitive markets. Prior to his role at Boviet Solar, Marco honed his expertise at prominent companies such as Faurecia/Forvia, BorgWarner, and Teijin Automotive. Mr. Marques holds a bachelor's degree in Electronics Engineering and Computers from ISEP Instituto Superior de Engenharia Porto, equipping him with a robust technical foundation that complements his leadership skills in the manufacturing sector.
