COMPANY | Culture

At Boviet Solar, our company culture is more than just a set of values, it's the driving force behind everything we do. Built on a foundation of collaboration, innovation, and sustainability, our culture is designed to foster creativity, empower forward-thinking, and address some of the world's most pressing energy challenges. We believe in creating an environment where our employees are not only able to thrive professionally but also contribute to our shared mission of building a cleaner, greener future through solar energy.

We embrace openness, transparency, and respect for diverse perspectives. This enables our teams to work together, leveraging different viewpoints and skills to achieve common goals. Each member of our team is encouraged to grow, learn, and make meaningful contributions to a collective vision, knowing that their efforts directly impact both the company and the world. At the heart of our culture lies a deep commitment to sustainability, we are not just shaping the future of solar energy; we are actively making a positive impact on the planet. Our culture shapes how we approach challenges, interact with each other, and celebrate our successes. It is the heartbeat of Boviet Solar, guiding us every step of the way.

Core Cultural Pillars

- **Collaborative Culture**
At Boviet Solar, teamwork is at the core of our operations. We prioritize open communication, mutual support, and collaboration to ensure that we achieve our shared goals. Our employees work together across departments and disciplines, valuing diverse perspectives and fostering a sense of unity and purpose. Whether in person or virtually, our collaboration fosters creativity and drives innovation, making us a stronger, more agile team.
- **Innovative Culture**
Innovation is key to our success. We encourage creativity, experimentation, and a willingness to take calculated risks. Our culture rewards those who challenge the status quo and push boundaries to create cutting-edge solutions. From research and development to product design and implementation, we are always looking for new ways to improve, adapt, and stay ahead of trends in the renewable energy sector.
- **Customer-Focused Culture**
At Boviet Solar, the customer is at the heart of everything we do. We strive to exceed customer

expectations by delivering exceptional products and services that meet their unique needs. Our customer-centric approach means we prioritize long-term relationships over short-term gains, focusing on building trust, understanding, and delivering unparalleled value in everything we do.

- **Results-Oriented Culture**

We are committed to achieving measurable outcomes and maintaining high performance across all areas of the business. Our teams are driven by clear objectives and performance metrics, ensuring that every employee has a clear sense of purpose and is motivated to contribute to the company's success. We celebrate individual and team achievements and continuously strive for excellence in all aspects of our work.

- **Flexible/Autonomous Culture**

Flexibility is a cornerstone of our culture. We trust our employees to take ownership of their work and manage their responsibilities independently. Whether working in the office, remotely, or in hybrid roles, our teams enjoy the autonomy to balance work and life in a way that maximizes both productivity and personal well-being. This flexibility fosters innovation and empowers our employees to work in ways that best suit their skills and lifestyles.

At Boviet Solar, our culture is built on the belief that a positive, inclusive, and innovative environment not only drives business success but also leads to meaningful contributions to the world. We are proud of the culture we've built and are committed to continuing to grow, adapt, and evolve as we move forward in our mission to harness the power of solar energy for a sustainable future.

COMPANY | Values

At Boviet Solar, our values are the foundation of everything we do. As a leader in solar technology, we are committed to delivering high-quality, innovative solutions while making a lasting, positive impact on the world. Our core values guide our actions and decisions each day and help us empower our partners, customers, and communities to create a cleaner, greener future through renewable energy.

By upholding these values, Boviet Solar continues to lead with purpose and integrity, driving innovation and sustainable solutions that have a positive impact on the world. Together, we work to create a future powered by clean energy and sustainable practices.

COMPANY | Business Practices Philosophy

At Boviet Solar, our business philosophy is the foundation of every aspect of our operations. From our day-to-day activities to our strategic decision-making, we are committed to conducting our business with the highest ethical standards. We believe that by upholding these core values, we can build lasting relationships, foster trust, and create long-term value for our employees, partners, customers, and all stakeholders.

Here are the guided principles that define how we do business at Boviet Solar:

- **Integrity:** Integrity is at the core of everything we do. We hold ourselves accountable to the highest standards of honesty, transparency, and ethical behavior. Every interaction, whether internal or external, is rooted in integrity, which fosters lasting relationships built on trust and mutual respect.
- **Ethical Conduct:** We conduct ourselves with honesty, fairness, and transparency in all of our dealings. By adhering to high ethical standards, we build trust through every decision and action, ensuring our business practices reflect the values that guide us.
- **Fairness:** We are committed to fairness in all our interactions, ensuring that all individuals are treated with dignity and respect. Our approach is based on equal opportunities, fairness in compensation, and a commitment to removing bias from all our processes.
- **Accountability:** We take full responsibility for our actions, decisions, and their outcomes. Accountability is critical to the way we operate. We learn from our experiences and apply those lessons to improve continuously, fostering a culture of ownership and responsibility throughout the organization.
- **Transparency:** We believe in clear, open communication with our stakeholders, fostering transparency at every level of the organization. This openness builds trust, enables better decision-making, and ensures that our actions align with our words. We communicate openly, ensuring that all stakeholders are well-informed and engaged.
- **Compliance:** We comply with all applicable laws, regulations, and internal policies, ensuring that our operations are fully aligned with industry standards. Our commitment to compliance reflects our dedication to professionalism and legal integrity, mitigating risks and ensuring ethical practices at every level.

- **Confidentiality:** We respect the confidentiality of sensitive information and take every necessary step to protect the privacy of individuals and the integrity of our data. Safeguarding confidential information is crucial to maintaining trust and respecting the privacy of our customers, partners, and employees.
- **Respect:** We treat all individuals with dignity, fairness, and respect, fostering an environment where inclusivity, mutual understanding, and diversity thrive. Respect for all people, regardless of background or position, is fundamental to our company culture, and we are committed to building a workplace where everyone feels valued and heard.
- **Collaboration:** We believe in the power of teamwork and collaboration. Working together, both within our company and with external partners, allows us to solve complex problems, achieve common goals, and innovate. We encourage open dialogue and shared responsibility, enabling us to leverage diverse perspectives and expertise.
- **Safety:** The health, safety, and well-being of our employees, customers, and the communities in which we operate are of paramount importance. We are committed to maintaining a safe working environment and promoting a culture of safety. This includes identifying potential risks, implementing safety measures, and ensuring that all employees and stakeholders are trained to work in safe conditions.
- **Sustainability Stewardship:** We are dedicated to promoting sustainability across every aspect of our business. From reducing our environmental footprint to fostering sustainable practices throughout our supply chain, we are committed to making decisions that contribute to a healthier planet. Our products, operations, and business strategies are all designed with sustainability in mind, ensuring that we help create a better future for generations to come.
- **Customer Focus:** We place the customer at the center of everything we do. By listening to their needs, responding to feedback, and continuously improving our products and services, we ensure that we exceed customer expectations. Our solutions are designed to provide long-term value, satisfaction, and a seamless customer experience.
- **Continuous Improvement:** We embrace a culture of continuous improvement, always striving to enhance our operations, products, and services. Through ongoing learning, innovation, and adaptation, we stay at the forefront of the renewable energy industry. Our commitment to improvement drives our competitive edge and helps us deliver high-quality solutions that evolve with changing customer needs.

By adhering to these principles, Boviet Solar ensures that we not only operate ethically and responsibly, but also create long-term value for all our stakeholders. Our unwavering commitment to these values empowers us to lead with purpose, innovate for the future, and contribute to a sustainable, brighter world powered by renewable energy
