

**Project Name:** Schell Brothers Solar Homes

**Project Size:** Aware system size 4.8 kW

**Project Type:** Residential Solar

**Project Location:** Delaware, USA

**Project Developer:** Clean Energy USA | [www.ceusa.com](http://www.ceusa.com)

CEUSA installed Boviet modules on 200-plus homes in Schell Brothers projects throughout Delaware beach communities to provide new homebuyers easy, affordable access to solar energy to lower their utility bills and create a consistent look across the neighborhood. More homes are coming online this year.

The project produces immediate ROI for homeowners, who can track the energy produced on a mobile app. So far, 1MW has been installed with an average system size of 4.5kW.
